VOL. 25 - NO. 3 SHELburnE FALLS Trolley Museum Newsletter
FALL 2016

DEDICATED TO PRESERVING THE HISTORY OF THE SHELburnE FALLS AND COLRAIN STREET RAILWAY

No. 10, with Joshua at the controls, breaks the ribbon on her ceremonial departure from the New Carbarn.

CARBARN CELEBRATION

As part of our 2016 Trolleyfest on July 23, we held a New Carbarn Grand Opening. Welcoming remarks were made by President Sam Bartlett, thanking all who helped by donating volunteer time and/or money. Sam described the timeline of the project, starting with the inception by David Bartlett in 2007. Bruce MacCullagh, Past President of the Amherst Railway Society, explained why ARS has

been such a consistent and generous supporter of the Carbarn project, and of SFTM in general. Many other donors and volunteers were in attendance. After a break to watch a Pam Am Southern freight train roll by, one of our youngest motormen, Joshua Redenz, brought No. 10 out of the Carbarn and through the (very stretchy) Caution tape 'ribbon' across the doorway of Stall 2. You can *Continued on Page 2*

watch this historic moment on our Facebook page ('like' us while you are there, put us over 1000!) or goto SFTM's YouTube channel at: <https://www.youtube.com/user/SFTM10>.

The Car barn work has now mostly shifted to indoors as we organize our tools (including a lathe, thanks to Jim Perry, and a metal bandsaw, thanks to Dave and Molly Dye) and work areas and storage areas.

TROLLEYFEST 2016

A young visitor tries her hand at milking the 'cow'.

Following the Car barn ceremony, we held our annual Trolleyfest. We had caboose rides on the House Track and motorcar rides on the South Track. In the new Car barn we had displays relating to industries and producers from the local trolley era (1896-1927). Hands-on activities included weaving, metal-working, buttermaking, cider-pressing, cow milking and uses of vinegar.

On the trolley rides we had re-enactors who were dressed as passengers from the trolley era and had conversations with each other and the passengers in their assigned roles as teacher, farmer, etc.

Many thanks to Marie Bartlett and all the other volunteers for their efforts to make Trolleyfest 2016 another fun and educational event.

FREIGHT HOUSE CELEBRATION

In our last *Transfer* we were looking for volunteers to finish the difficult job of scraping and painting the 1867 Freight House. Then we got a generous grant from the Asahel P.H. Bloomer/Caroline D. Bloomer Charitable Trust. This grant, along with money still available from our H. Albert Webb Award, meant we were able to retain our contractor Jerry Root/Upper Twenty Enterprises (who had done a great job on the slate roof and trim repair) and have them do the scraping and painting, much to the relief of our volunteers. Jerry not only painted the parts that hadn't been done, he cleaned and repainted the sides that had been painted a few years ago. The place looks as good as it did in 1867, I'm sure.

We did put a volunteer crew of Martin, Sam, Nash, Dave, Larry, Joshua and others to work leveling and redecking the Freight House dock. This included removing a corner of the dock near Turnout 7 so that we should be able to put a full-sized car into Stall Two now.

Volunteers also removed an old overhead garage door that was deemed not in keeping with the 1867 Troy and Greenfield/Fitchburg Railroad/Boston and Maine Railroad appearance. We then built a new door on the pattern of the other doors and hung it with period-appropriate hardware.

On October 29 we had a Freight House Thank You ceremony, with guest Leigh Webb, son of H. Albert Webb, speaking on why he created the Award in memory of his railfan-tripping father. It was the \$10,000 H. Albert Webb Award that helped us finally be able to finish the Freight House exterior restoration, a project we had started in 2004. Picture on Page 3.

COLRAIN HISTORICAL SOCIETY

This year the Colrain Historical Society featured talks about transportation as it related to Colrain and the surrounding towns. In September Carl Byron gave an interesting talk on the effects of having the railroad come to nearby Shelburne Falls. In October, Shirley Pelletier (one of our trolley crew) gave a slideshow and talk in the new Car barn on the history of the SF&C St Ry. The next weekend they had a bus tour of the SF&C, stopping at points of interest to compare the present scene with old photographs.

SIGNING UP FOR eTRANSFER

As a convenience to our members, and as an attempt to control costs, the TRANSFER is available online as a pdf file. This will give you the option of filing your copies of the TRANSFER on your computer, in case you want to refer back to them at some later time. eTRANSFER comes out in full color! If you are a current member and wish to receive your future TRANSFERS by email, here's how to do it:

- Send an email to: membership@sftm.org
- In the Subject line, please enter 'eTransfer'.
- In the body of your message please enter just your name.

Your address will be entered on a emailing list, and the future issues will come to you by internet instead of by snail mail, thereby saving printing and mailing costs. Save a tree, too!! Please note – if you are an eTRANSFER subscriber, and subsequently change your email address, please be sure that you let us know at membership@sftm.org.

VOLUNTEERING - HOW TO DO IT

Stop by, send an email to trolley@sftm.org or call Sam at 413-624-0192. Indicate what your interests are - operating, painting, building stuff, selling tickets and gifts, grant writing, or what. We need you!!!

AN ENGAGING TALE

On Moonlight Magic a few years ago, “Beth” heard the story* of Frank Johnson (saviour of No. 10) proposing to Maud Purrington while traveling on No. 10. Beth thought this was very romantic and decided that she, too, wanted to propose on No. 10.

So this summer, she chartered No. 10 on a weekday evening, and, under other pretenses, brought “Molly”, her intended, to the museum. It 'seemed' that the crew (Marie and Sam) was just getting ready to leave, but they agreed to one more trip for this couple.

After a rather lengthy Conductor's Talk, Sam said “Are there any questions?”. This was Beth's signal to get out her ring, get down on one knee and, very touchingly, ask THE question.

Molly was surprised, delighted, and said “yes”. The happy couple then rode back to the Car barn, where Beth had arranged for the Blue Rock Restaurant & Bar to have a romantic dinner waiting for them in the caboose, with cocktails in the cupola.

**Although we know from family letters that Frank courted Maud on No. 10 (or perhaps vice versa), there is no evidence that either of them proposed marriage on No. 10. Somehow this has crept into some Conductor's Talks.*

MOONLIGHT MAGIC

The evening after Thanksgiving was a very busy time at SFTM this year. Our Moonlight Magic trolley crew carried 416 passengers in five hours, which kept the crew on their toes. With No.10 only able to carry about twenty riders, this made for a lot of very quick trips. While waiting, guests were able to have cider

2016 Holiday Ornament by Marie Betts Bartlett

and cookies, make an ornament and warm up by the newly installed coal stove in the caboose at the Salmon Falls end of the line. We've met families from out-of-state who return every year and collect these ornaments, designed by Marie Betts Bartlett.

At the other end of the line, guests could marvel at a multi-loop toy train setup created by Ellie Flint.

Thank you to all the volunteers who helped get everything ready and decorated, who ran the trolley and handled the crowds, and who helped take things down when it was all over.

TRACKWORK CONTINUES

Dave G, Nash, Sam, Martin, Dick and Larry worked on repairing and replacing joints on the house Track. This track had not seen much use until the new Car barn went online. When we tried to tighten up the bolts that hold the joints together, many of them spun or were otherwise not useful. And in some spots there were bolts missing, or not even a hole in the rail for the bolts. The joints were mostly old Weber joints, with wooden inserts. In some cases we could burn off frozen bolts and replace them with new ones, in other cases we completely replaced all four bolts and the two bars with non-Weber all steel joint bars. The track is a bit smoother and quieter now when No. 10 comes along. Next up, in the spring, will be to start replacing ties.

CABOOSE CENTRAL VERMONT 4015

CV 4015 had a 'new' stove installed for Moonlight Magic. Martin disassembled, cleaned and painted our two “B&M RR Car Heater” stoves, one is on display in the Visitors Center. John brazed a crack in the other stove so it could be used in the caboose for Moonlight Magic (and winter lunch breaks!). A hearthstone for the stove has been donated by Ashfield Stone.

The caboose is now in the Car barn, in hopes of getting some window and cupola restoration completed over the winter. Let us know if you want to help!

SIGNAL RESTORATION

A four-light signal from the Mechanicville NY B&M Classification Yard (the “hump”) has been restored by Rowan, with help from the Franklin County Technical School auto body shop.

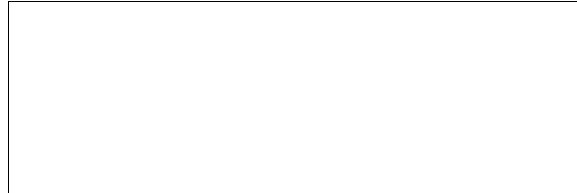

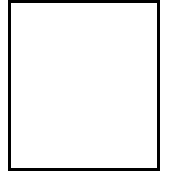

TOY TRAIN SALE

We have several collections of LGB and O-Scale toy trains for sale. Contact us if you would like more information, these would look great under your tree!
